Summary

I'm a front-end developer with experience building UI-optimized and fast apps. I am passionate about learning new technologies and working as a team to contribute to the growth of the community. My main skills include JavaScript, React.js, Next.js, Tailwind CSS, Figma, HTML, and CSS.

I have been working as a freelance developer and designer, while recently I've started looking for my first formal position.

Education

Degree: Desarrollo Web **University:** Coderhouse **Graduation Date:** July 2022

Technical Skills

- HTML5
- CSS3
- JavaScript

- React
- Next.JS
- Tailwind
- Bootstrap
- Git

Projects

Project Name: My portfolio **Description:** My portfolio is my personal website, where I showcase some of the projects I have been working on for the last months. It also features a digital garden with posts about React, web development and other thoughts, IT related or not. **Skills Used:** Next.JS 13, Tailwind CSS, Framer Motion. Link: <http://ivannevares.vercel.app/>

Project Name: Kostume E-commerce **Description:** I have worked as a designer building up fashion design brand Kostume from Argentina. **Skills Used:** Figma. Link: <https://www.kostumeweb.net/>

Project Name: C7 Studio **Description:** Alongside my partner Florencia, we have built a website for our freelance services in web development. **Skills Used:** Next.JS 12, Tailwind, Email.JS, React Three. <https://c7studio.vercel.app/>

Project Name: Templo de Tierra **Description:** I designed and coded this website for boutique hotel 'Templo de Tierra' in Uruguay. **Skills Used:** Next.JS 12, Tailwind. <http://templodetierra.com>
